## Humla Square Table Range

This series of tables designed by the iconic Hans Bolling is timeless. Minimalism is maximised in this design. Stripping them to their bare essentials and so using the least material possible, and by doing so exposing their function beautifully. The simplicity of their design makes the Humla table immune to ageing. The square side table comes in two finishes and with the option of a drawer making it perfect for a bedside table.

### Dimensions

### WxDxH

Square Side 45x50x50cm  
Square Side with drawer 45x50x50cm
