

IN SITU MODULAR SOFA

ANDERSSEN & VOLL ON THE DESIGN “With the In Situ Modular Sofa, we wanted to combine the functions of modularity with the beauty of simple, elegant lines and a deep comfort. We sketched a profile that runs along the seat and back of the sofa to subtly hide the visual elements of modularity, giving it a unique character while bringing the individual modules together for a complete appearance. This is paired with grand, sculptural lines and the inherent comfort of its soft seat. The In Situ Modular Sofa combines the grandeur of traditional Italian sofas with the refined simplicity of Scandinavian design, making it the heart of any space.”

DESCRIPTION

A grand modular sofa that can be tailored to your exact needs yet with its modular elements hidden through the subtle detailing of the frame's front and back profile, paired with deep comfort and a soft seat.

Choose from any of the 30 predesigned configurations or create your own, using the 9 different seating modules and 2 loose cushions. Please note that the In Situ Cushions are not part of any configuration or seating module and must be added separately to your order.

The look and feel of the In Situ Modular Sofa is more casual in its appearance, compared to some of our other sofas.

The Clay upholstery available for the In Situ Modular Sofa is made in linen, being a soft natural material that folds and falls more gently over time with inherent stretch and folds for a casual expression.
