Loft Bar Stool
75 cm / 29.5"

"Being a natural extension of the Loft design, the Loft Bar Stool mixes the complementing opposites of robustness and elegance through materials—wood for the seat and back, metal for the frame—with a soft, industrial appeal. The bar stool has an archetypical look that gives a feeling of familiarity while the subtle details, such as its sturdy back legs, gives it a unique expression. Though having the comfort of a full seat and back, the bar stool comes with a small footprint thanks to its legs being positioned neatly under the seat, making the design a natural fit for all environments while providing maximum comfort to its user."

— Thomas Bentzen

Designed by	Thomas Bentzen / 2017
About the designer	Thomas Bentzen, former Head of Design at Muuto, started his own studio in 2010. Bentzen's designs are characterized by simplicity, rationality and functionality — always firmly rooted in the Danish design tradition, material knowledge, craftsmanship and rational industrial manufacturing processes. His work continues to receive international recognition at fairs and exhibitions all over the world.
Environment	Indoor
Country of Production	Latvia
Preassembled	Yes
Description	Loft Bar Stool combines Scandinavian design traditions with industrial references for a bar stool with full seat and back along with a small footprint. As with its chair counterpart, the Loft Bar Stool exemplifies simple, honest design through its clean lines and maximum comfort.
Material	The back and seat is made in veneer with a beech core and an oak veneer top with water-based lacquer. Stained Dark Brown version with back and seat with water-based lacquer. Frame is made in powder coated steel. Oak veneer and Stained Dark Brown: slight color variations can occur due to the inherent characteristics of the material.
Cleaning & Care	Wipe off with moist cloth and remove excess liquid with dry cloth. This product can be cleaned with alcohol disinfectant. However, please note that as wooden products will get patina where the surface color can slightly fade. If cleaning is uneven, this may become even more apparent, yet the lacquer will stay in place. For wooden products in lighter colors, the patina will be less apparent.
Spareparts	Pre-mounted plastic glides included. Felt and plastic glides can be purchased seperately.
