

Outo

Outo

Design Sander Mulder

Materials Polypropylene

Born for outdoor, enjoying the sun and rain, unafraid of heat, humidity, or temperature changes, Outo aims to bring high-end comfort and design out in the open air. As the name of this collection is also an anagram for our brand, it includes everything we stand for; a family that showcases quality, ergonomics, and diversity, balanced with perfect aesthetics.

The waterproof and UV-resistant material is shaped into a collection of seating solutions that are generous in size, yet lightweight and easy to handle. Well-designed slots allow for raindrops to drain quickly and let wind gusts flow through, functional merits that are also defining the distinctive style of this family. The diverse pieces that together form the Outo family, provide solutions that

actually suit both outdoor and indoor contexts. Armchairs and side chairs will blend with each other or with any table. Offered with complementary accessories such as the connector table, that makes it possible to unite two or more armchairs in a row for an outdoor wedding, an indoor conference, or just as a bench. And the lounge and rocking chairs with sporting wide, comfortable backrests, which immediately conveys the idea of a leisurely afternoon in the garden or in front of your fireplace.

Where the hocker annex side table is then the perfect candidate to place your drinks and books, or simply rest your weary feet.

Outo easily stacks, making it a perfect candidate to quickly deploy in your garden or on your terrace.
