

70/70 TABLE

TAF STUDIO ON THE DESIGN "The 70/70 Table is a study in geometric forms, identifying the dimensions that make a balanced design. With its simple and understated expression, the 70/70 Table finds its unique form through careful detailing. Here, the slanted plywood edges of the slender table top and edged triangular shapes of its frame make the 70/70 Table a testament to the ideals of Scandinavian design."

DESCRIPTION

The 70/70 Table is designed with a simple expression, paired with subtle, understated details that reveal themselves upon closer inspection. Adding character to the design, the details of the 70/70 Table include its triangular base for a modern expression and the slanted edges of the tabletop, unveiling a wooden veneer for a warm touch. Both the Visu Hanger and the Cable Management Solution can be installed to the 70/70 Table for efficient office and work environments.

PRODUCTION PROCESS

The table top is made of plywood, with a linoleum, laminate or veneer surface. The aluminum frames are formed under high pressure casting.

TABLETOP

FRAME

MATERIAL

Cast aluminum frames, plywood table top with linoleum (Black/Grey) / laminate (White) surface and lacquered oak veneer.

CLEANING AND CARE

Clean the table with a damp cloth. If necessary only use a mild detergent or washing up liquid and not concentrated. Always wipe with a dry cloth afterwards. To minimize the risk of stains and marks, liquid, grease etc. should be removed straight away. For linoleum versions, linoleum care is recommended for optimum saturation of the natural material 2-3 times a year. It is recommended to clean linoleum versions with a damp cloth and a pH neutral cleaner and wipe dry to remove any residues.

MADE-TO-ORDER

Tabletop finish in nanolaminate available as made-to-order in the colors Black, White and Grey. Non-standard size tables are made to order with max. width of 110 cm / 43.3", min. width of 80 cm / 31.5", max. length of 295 cm / 116.1" and min. length of 140 cm / 55.1".
